Baseman Brothers

We would like to thank you for the great job that you did on Panella Court! The floor is everything we expected and more. Coach Rich Panella has done a tremendous amount of work for our University from coaching to just good will in the community and this floor really extends our gratitude for all the hard work he has done over his extensive career.

From the design to the finished product we could not have asked for a better or more professional group of people. The front office, Chad Bulen, and the crew were timely and hard working. They came in with ideas and listened to everything we were looking for.

When we replace this floor and for all our maintenance needs, we will turn to Baseman Brothers!

Yours in Sport,

Patrick J. Clemens
Director of Athletics
Cardinal Stritch University
